

## Floor Plan Description:

The Cinta Project features a thoughtfully organized floor plan with a total area of 1,200 square feet (111.5 m<sup>2</sup>) per level, including approximately 100 square feet (9.3 m<sup>2</sup>) of shared public space such as elevators and staircases. Each level contains four unique apartment units, designed to suit varying space needs:

Unit 1 is the largest, offering 500 sqft (46.45 m<sup>2</sup>) of living space, ideal for families or those needing extra room.

Unit 2 provides a compact and efficient layout at 180 sqft (16.7 m<sup>2</sup>).

Unit 3 offers a balanced size of 200 sqft (18.6 m<sup>2</sup>).

Unit 4 features a slightly more spacious design with 220 sqft (20.4 m<sup>2</sup>).

These three standard units (Units 2, 3, and 4) combine to total 600 sqft, complementing Unit 1's expansive space. Each unit is uniquely shaped and positioned to maximize privacy and functionality, ensuring efficient use of space across all levels.
